HOWL-O-WEEN SAFETY FOR PETS

During trick-or-treating, keep candy safely stashed in a high cabinet secured with a lock or child-safety latch. Many foods, such as chocolate, gum and xylitol

(a sweetener used in many foods) are hazardous to pets. Watch your kids! Children may make the harmful mistake of sharing their loot. Make sure they know the difference between a treat for them and a treat for their four-legged friends.

To date, Rescued has donated over

\$819,130

to pets in need!

October Hours: Tuesday-Saturday, 10am-4pm

On-street parking to the east of the store, and the lot in back.

VAX & WAGS - FREE CLINIC

[Humane Society of Scott County](#) and [Quad City Animal Welfare Center](#) are hosting a free vaccination clinic on Sunday, October 5. See all the details below!

Vaccinating your dog for rabies, distemper, and parvovirus is crucial for several reasons:

- **Preventing Disease:** These diseases can be severe or fatal. Rabies is zoonotic, meaning it can be transmitted to humans, while distemper and parvo can cause serious illness in dogs.
- **Community Health:** Vaccination helps protect not just your pet but also the wider community. By reducing the prevalence of these diseases, we protect other animals and even people.
- **Legal Requirements:** Rabies vaccination is often legally required in many areas. Failing to vaccinate can result in fines and other penalties.
- **Cost-Effective:** Treating these diseases can be extremely costly. Vaccination is a small investment compared to the potential medical bills from treating a preventable illness.
- **Peace of Mind:** Knowing your dog is vaccinated allows you to enjoy outings and socializing with other pets without constant worry about disease transmission.

Vaccination is a vital part of responsible pet ownership and helps ensure a healthier life for your dog.

EVENT SPOTLIGHT: SCRAPBOOKING & CRAFTING DAY

Julie Smith will be hosting a scrapbooking and crafting day Saturday, November 2 from 11am – 7pm.

This fun event is a “BYO” (bring your own) where you can bring any type of craft you want to work on; sewing (bring your machine!), scrapbooking, diamond painting, coloring books, knitting/crochet, etc. \$40 gets you table space to work, and lunch/snacks are included! East End Auxiliary Women’s Club will be hosting a bake sale, [Centered Sole Reflexology](#) will be onsite for \$1/minute, alcohol can be purchased, AND you can bring your unwanted craft items to sell at our garage sale. As if ALL that wasn’t enough, there will be raffles and door prizes, too!

Julie has been scrap booking for 15 to 20 years, drawing inspiration from her family, their vacations, and the experience of watching her children grow. She shares, “My son travels and works a lot, and this is my way of trying to get him not to live in his phone so much, so I print things out and create scrapbooks for him to see.”

When asked about her favorite aspect of crafting, she says it’s the challenge of designing unique pages rather than sticking to pre-made ones. While she enjoys creating many of those, she also makes an effort to DIY some of her projects.

For those new to the craft or the business, Julie offers this advice: “Watching someone start and finish a project is truly amazing. In scrap booking, there’s no such thing as a mistake. Just look at your first page compared to your 200th, and you’ll see the progress you’ve made.”

You can find the event on Facebook under [“It’s time to be ‘RESCUED!’ Scrapbooking Crop. Come and enjoy a crafter’s day!”](#) Spots are still available, and you can sign up by visiting the page on Facebook.
